

Building Our Largest Dementia Infrastructure (BOLD) Funding Opportunity

The Alzheimer's and Dementia Program seeks to promote brain health to reduce the risk of developing dementia later in life. The program also endorses early detection and diagnosis as well as caregiver support across Montana for those living with and addressing memory loss. The Alzheimer's and Dementia Program will provide eligible proposals with funding to implement projects which meet the overall goals listed above.

Award Information

Funding amount: \$9,500

Number of Awards: 8

Application Due Date: February 9, 2026
