

BURDEN FACTS

- Falls are the **leading cause** of both fatal and nonfatal injuries for adults aged 65+.¹
- **One out of four** older people falls each year.²
- **Falling once doubles** your chances of falling again.²
- **Over 95%** of hip fractures are caused from falling.²

Stepping On

Stepping On is a 7-week falls prevention program for older adults (aged 60+) that addresses falls risk factors in the home and community and provides practical lifestyle adjustments to reduce the chances of falling.

Workshop Covers

- Balance and strength exercises
- Identifying home hazards
- Safe footwear
- Link between vision and falling
- Medication review
- Community mobility and safety in public places
- Coping after a fall

Program Benefits

- **Reduce** falls by a third.³
- **Decrease** fear of falling and maintain independence.
- **Increase** performance of safe behaviors.
- **Fewer falls** mean fewer injuries, fewer visits to the emergency room, fewer hospitalizations, and fewer deaths due to a fall.
