

# Montana Public Housing Authorities Covered by the HUD Smokefree Rule

The Housing and Urban Development (HUD) smokefree rule **does not apply** to tribal housing, mixed-finance developments, or Public Housing Authority (PHA) properties that have converted to project-based rental assistance contracts under Rental Assistance Demonstration (RAD). HUD will continue to promote voluntary adoption of smoke-free policies by all owners receiving project-based assistance and may consider expansion of requirements to additional housing assistance programs in the future. There are **20** PHAs total in Montana, but currently **11** are covered with HUD's Smokefree Rule.

The following PHAs are covered by the HUD Smokefree Rule:
