RETAINER PAYMENTS FOR SPECIALLY TRAINED ATTENDANTS

Retainer payments allow providers to be reimbursed when the member is absent from the home or adult residential care facility due to entry to a hospital or nursing facility or on vacation (absence from services). Retainer payments are available to keep members from losing their caregivers or placement in a residential care facility. Payment for retainer days may not exceed 30 days per Service Plan year. Refer to BSW 410 (Retainer Payments). Specially trained attendants may receive retainer payments when they cannot work for others while the member is absent, resulting in a loss of income for the attendant.

~~Private Duty Nursing: This service is intended for individuals who receive continuous nursing. It is not intended for the short term, occasional, or intermittent type nursing. This service is typically used for members whose nurse(s) are assigned just to them and they would lose income if the individual is absent (Heavy Care/CC3 members).~~
